

# CSWC Operational Period Summary

## 0600 June 01 2014 to 1800 June 01 2014

Cal OES Headquarters

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.
- Westbound Phase 1 and 2: May 27 – June 25
- Please see “Fix 50” slides for additional information, including alternate routes. [Here](#)

## **Significant Weather**

- Red Flag Warning in effect from 1200 – 2100 Monday for areas in San Bernardino County.

# WEATHER

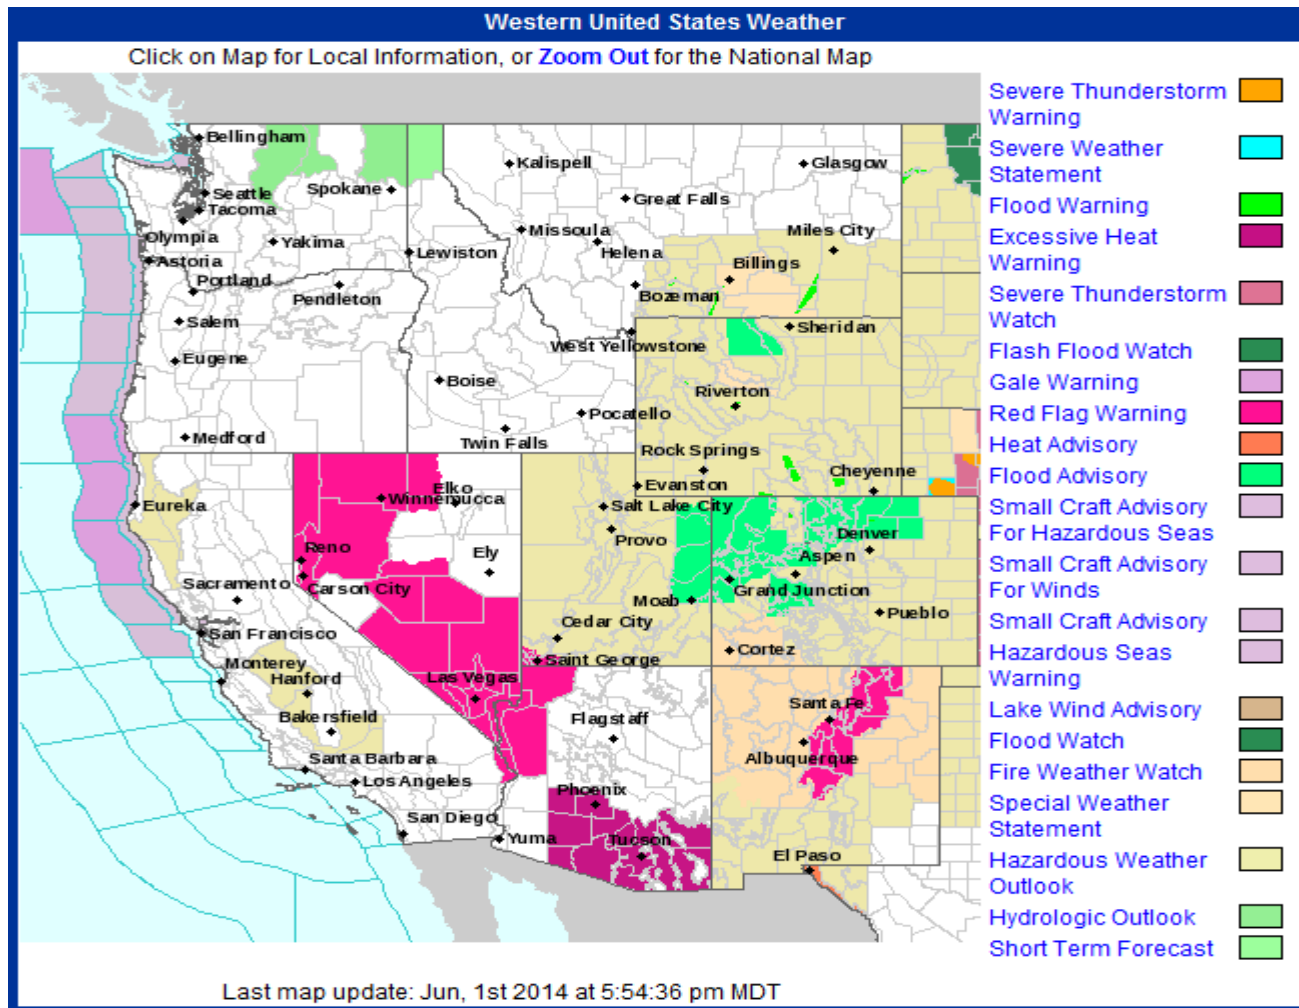

## Northern California

A relatively weak low pressure trough will remain over Northern California for the next few days. A small weather system caught up in the trough is expected to move through Monday and will bring chances of isolated afternoon and evening thunderstorms to the northern and eastern mountains. There will be enough instability today and Tuesday for a chance of fewer isolated afternoon and evening thunderstorms in the northern mountains as well as the Coast Range from around Snow Mountain northward. Higher pressure will gradually move in mid-week onward to keep things dry. Gusty westerly winds will develop Monday afternoon, and this will likely create moderately strong, gusty winds and low Relative Humidity (RH) east of the Cascade/Sierra crest. Areas of northerly winds will start up Tuesday night as the higher pressure arrives, and this will make for some local areas with poor overnight RH recovery, especially in the north.

## Southern California

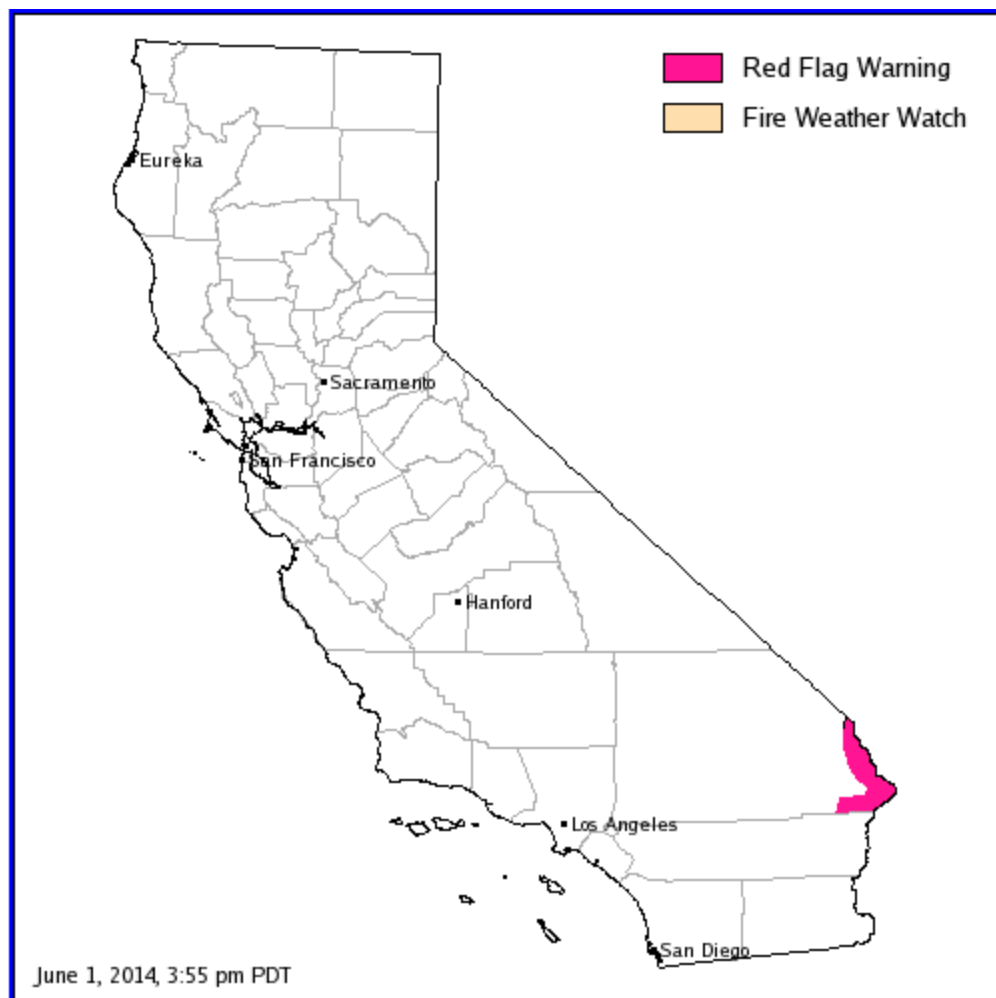

A weak ridge of high pressure over Southern California will warm temperatures to around 10 degrees above normal today, with mid 70s to mid 80s in the mountains and upper 80s to mid 90s in the valleys. Temperatures will cool around 5 degrees Monday as a weak Pacific trough moves inland across Central California. A ridge of high pressure over Mexico will build slowly northward bringing a gradual warming trend to the region Tuesday through next weekend. Temperatures will be 10 to 15 degrees above normal by next weekend. There will be westerly afternoon winds of 15 to 25 mph with gusts to 40 mph across the Tehachapi Mountains, Antelope Valley, and Banning Pass through Friday and then winds will become fairly light across the entire region next weekend as the ridge becomes strong.

## **“Fix 50” Information**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

### **2014 Project Dates**

### **Roadway Construction Timing:**

### **Westbound Highway 50: May 27 – June 25**

#### **Phase 1: May 27 - Jun 10**

- The 3 inside lanes will be closed. 2 - 3 outside lanes will remain open.
- No ramps will be closed during the first westbound phase. However, the connector ramp from Hwy 99 North to US-50 West will merge down to one lane to increase safety for travelers merging onto US-50 West into the construction area.

#### **Phase 2: June 11 - June 25**

- 2-3 outside lanes will be closed. Inside 3 lanes will remain open.
- Ramp closures:
  - Connector ramp from westbound Business 80 (Capitol City Freeway) to US-50 West. Hornet Drive near Sacramento State is the alternate route.
  - Reduced lanes on connector ramp from Hwy 99 North to US-50 West (will merge down to one lane).
  - 16th Street off-ramp.

## **“Fix 50” Information (Cont.)**

### **Major Construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes:**

#### **During work in the WESTBOUND direction (May 27 – June 25):**

##### **If traveling from Rancho Cordova/Folsom to Downtown Sacramento:**

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

##### **If traveling from Elk Grove/Galt to Downtown Sacramento:**

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

##### **If traveling from Rancho Cordova/Folsom to Natomas/Davis:**

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

##### **If traveling on Business 80 West during Phase 2 (Closed connector ramp from Business-80 West to US-50 West):**

- Get on US 50-E and use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West
- For WB Business 80 to downtown, use Highway 160

\*\*\*Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

# **CAL OES ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

## Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. A more recent update using automated devices shows snowpack at **3%** of normal as of May 30.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-IREOC-3699** Mariposa County is requesting 2 – Air monitoring devices. The CARB team will do the installation and air monitoring. Devices were installed 05/28/2014. Daily air monitor information will be distributed to County officials.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

# CAL OES MISSIONS

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
